Student expectations for online video meets (Zoom, google meet ups)

We ask that students are safe, respectful learners during their learning at home. This includes while video conferencing or meeting with staff and fellow classmates.

Students will;

- Join the meeting at the scheduled time.
- Find a quiet place, free from distraction (siblings, pets, televisions). Make sure the lighting is good and you are not sitting directly in front of a bright light source. Think about your background as everyone in the meeting will see what is behind you. Ensure there is no personal information visible
- Maintain respectful and appropriate behaviour and manners in speaking, writing, and appearance. All students should be dressed as they would be at school. (e.g. Shirt and shorts/pants) You do not need to wear your school uniform
- Stay on mute. Only unmute yourself if you have been asked to answer a question or to contribute
- Video needs to remain ON to promote focus. Eye contact should be maintained throughout the meeting by looking at the camera and sitting still. Engage with your teacher where required, just as you would do at school
- Refrain from chewing gum, eating, or drinking in front of the camera
- Remember everyone can see what you are doing, just like in the classroom.

We are safe, respectful learners.
